Artists for a Cause

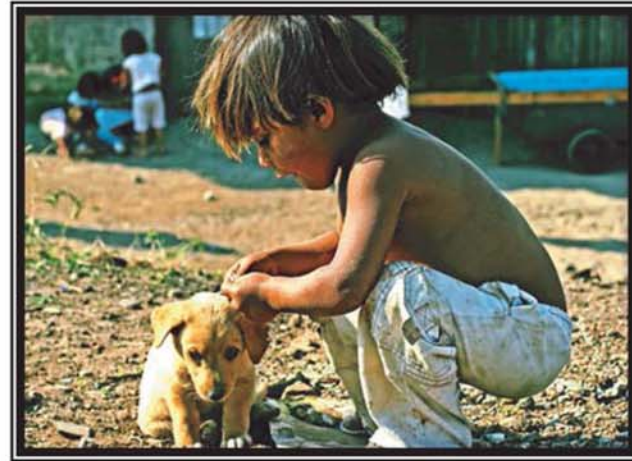

Improving communities
through artistic endeavors

HOW WE ARE GROWING...

A4AC CLUBS — We have created clubs in three High Schools in Martin County, Florida to date. Following the mission of our organization, the clubs provide educational opportunities for students that use their art to improve their community. Current projects include an anti-bullying campaign, and outreach into less fortunate communities in an effort to share arts training and education.

NATIONAL ARTIST DATABASE — Our website includes a free registration for all types of artists. The registration allows artists to be added to our national database so that we can help to find the right paid or educational opportunity, based on the level of the artist, to support causes they care about.

Artists for a Cause facilitates artist support of important causes. Some of our programs help artists and charities get the most out of their collaboration, while others allow us to produce results directly, by feeding the poor, healing the sick, or solving other problems through unique artistic solutions.

Benefit Concerts have produced with nearly 40 performances nationally, raising thousands of dollars for almost 40 existing charities through programs like "A Sacred Journey", a history of western sacred music in concert which raises money for community outreach through the hosting sacred space.

Homeless Choir is a performing group made up of homeless people with the goal of creating sustainability and reintegration into society. We are in the planning process on this project, partnering with the founder of the original group in Montreal, about which the feature film, "The Christmas Choir", was created. Within five years, we expect to be the first organization to offer a handbook which will provide a tool for any city to replicate the process which has already been successfully created in Montreal, Paris, Halifax, and Lisbon.
