Artists are the kinds of people who want to support community improvement, so Artists For A Cause Inc. is creating a national market which provides financial support for professional artists (and educational support for students) who use their art to benefit causes they care about. Our free registration for both artists and charities at www.a4ac.org allows us to connect both parties in the most mutually beneficial way. New, innovative sources of revenue and awareness for important causes through support of artists and culture.

EVENTS:

- **Therapeutic Music Day 11/12/11** was a HUGE success! With over 1,000 residents in almost 40 nursing homes and assisted living facilities served, and over 150 performers involved, we *TRIPLED* our outreach. For this event we were able to support music students, educators, and certified music therapists, all while bringing a performance to those most in need. THANK YOU TO ALL INVOLVED!
